Welcome to the

LIMSource

World Wide Web site

The LIMSource consolidates various resources for Laboratory Information Management Systems (LIMS) and lab data management information into a single location to make your on-line search as quick, simple and easy as possible.

If you're seeking information about product capabilities, articles about LIMS applications, or connections to other LIMS-related web resources, this site is your launchpad.

Several areas have been updated in this site, including a new listing for Applications Specialists in the [Classified Ads](#), and the posting of the first user survey to solicit interest in a proposed [LIMS Summer School](#) -- please take a few minutes to answer the 11 questions! :-)

Also, the [Pre-Pittcon Preview](#) page just received a BIG update thanks to the receipt of the preliminary program and some real info!

For the latest news about [What's New in the Industry](#) or [What's New with this Web Site](#), check those directories, or feel free to surf the LIMSource at random!

Thank you for using the LIMSource. If you have any questions or comments about this web site, please contact:
webmaster@limsource.com
